Commission on Women and Gender Equity

TO: Dr. Tony Frank, President
FROM: Dr. Carmen Menoni, Chair
Dr. Paola Malpezzi Price, Co-Chair
SUBJECT: Statement on Process for Receiving Feedback from CSU President
DATE: April 28, 2009

The Commission on Women and Gender Equity remains committed to its presidential charge of identifying issues that affect women at all levels of the University and bring them to your attention. The Commission, however, would like to find a mechanism that will provide follow-up to our recommendations. We suggest this be in the form of a written response from you or a meeting with the CWGE Chairperson.

The Commission would like to thank you for this unique opportunity in working to improve the climate for women at CSU.
