STUDENT SCHOLARSHIP SUPPORT

INVEST IN OUR FUTURE

An undergraduate degree or graduate degree, for many deserving students, is unattainable without scholarship and fellowship support from generous individuals, companies, and foundations. There is no greater gift to these students, and society, than the opportunity to pursue higher education and use that education to better our world.

STUDENT SCHOLARSHIPS ALLOW COLORADO STATE UNIVERSITY TO:

- Attract the best and brightest students
- Make a college degree affordable and ease the burden of student debt
- Give students the opportunity to concentrate more fully on their studies

UNDERGRADUATE SUPPORT: SCHOLARSHIPS AND FUNDING LEVELS

Endowed Scholarships

Are supported by a portion of earnings generated by the principal of a gift, thus providing a reliable and permanent source of financial aid. The current annual payout for endowed scholarships at CSU is 4.5 percent.

Presidential Endowed Scholarship (\$50,000 minimum)

Donors may designate the program, department, and/or college in which the scholarship is awarded as well as provide specific designations such as GPA, financial need, class year, geographic location, and any other appropriate criteria.

University Endowed Scholarship (\$25,000 minimum)

For scholarship endowments at the \$25,000-\$49,999 level, the donor can designate only the major, program, department, and/or college in which the scholarship is awarded; all other appropriate criteria will be designated by the college/unit.

Annual Scholarships

Depend on a gift from a donor every year. If the donor stops making annual gifts, the scholarship ceases to exist.

Annual Scholarship (\$2,500 and above)

Donors may designate the program, department, and/or college in which the scholarship is awarded as well as provide specific designations such as GPA, financial need, class year, geographic location, and any other appropriate criteria.

Annual Scholarship (\$1,000-\$2,499)
