

CSU Graduate Program in Public Health – Practicum/Capstone Funding Application

The CSU GPPH will be providing practicum/capstone stipends, as the budget allows, in the amount of \$250 for a domestic experience and \$750 for an international experience (amounts subject to change). **Students are not able to receive funding for both the practicum and the capstone project, and can only receive funding for one.** Applications will be considered on a first come first serve basis, until funds run out, and may be distributed across the concentrations. Students receiving payment for their practicum/capstone are ineligible for this funding. Dollars are mailed to the student as a check. For all terms, the practicum/capstone funding applications must be submitted by the drop/add deadline for the semester that the practicum/capstone is to take place.

Stipends will be funded in the following distribution:

Fall Practicum/Capstone: 3 Domestic; 2 International
Spring Practicum/Capstone: 3 Domestic; 2 International
Summer Practicum Capstone: 9 Domestic; 5 International

Submit applications to Kendra Bigsby at kendra.bigsby@colostate.edu or Campus Mail 1879, Sage Hall.

Practicum/Capstone Stipend Application

Student name:

Student email:

Student telephone:

Mailing address to send check to student:
